“Fancy A Cuppa” - Time with your President

When we think LBC (Little British Car), high performance speed records are not the first thing that comes to mind. More like, will it start or what electrical gremlin will I be addressing today?

Recently, MG revealed its Electric Hyper-car concept inspired by the Legendary EX 181 Streamliner. What's that you say? Well, the EX 181 Streamliner was a land speed record breaker, driven by the legendary Phil Hill up to 254.9 MPH in 1959. It set the world 2000cc Class E record and remains the fastest MG ever made.

It doesn't look much like an MG and neither does its electric hybrid replacement, code named EXE 181. Not a very original name but it certainly looks different. The new version is expected to reach 257.87 MPH. You may say, big deal, 3 more mph! But in the speed record world, that is a massive difference.

Although you can't obtain an EXE 181 you can order a TWR Supercat! You have to hurry as they are only going to make 88 of these monsters.

“Fancy A Cuppa” - Time with your President, cont.

U.K. based automaker, TWR performance, has taken a Jaguar XJS to the extreme with carbon fiber bodywork and a supercharged V12, claiming 600 HP! The limit of 88 cars is a nod to the marque winning the 24 Hours of Le Mans in 1988 in a Jaguar XJR-9.

You can get on the wish list for a refundable deposit of \$12,480 toward a sticker price of a mere \$282,622! Start saving that loose change in your piggy bank!

Cheers,
Ted

Cover Shot by Bob Muzio

This beauty was purchased on April 1st 2001, yes, April Fools Day. It was apart in boxes. The only missing components were the exhaust system and windshield. Not bad in that the previous owner disassembled it in '76 and the project had been moved to different locations three times. I had it back on the road in nine months.

It's been a fun and reliable car. Its striking appearance and performance has been appreciated by me and many other car aficionados.

May 4th—MOVIE NIGHT AT THE JUSTIN'S

Movie night at the Justin's on May 4th was a huge success, even with the earlier than expected car wash!

We had 35 people join in the fun. Everyone enjoyed the dinner/cocktail hour and once it was dark enough and popcorn buckets were filled, we started Ferrari.

Just about half way through the movie around 9:30 it started to rain, so most packed up and left for their own dry garages. Nine chose to stay and brave the storm, so we watched the end of the movie in the paddock. The only car without a top was Frank's Austin-Healey, so we parked it under our GT6 on the lift. He hadn't had the top up for years, so it took 4 of the guys to get it back on! Despite the wet adventure, we all had a

May 11—Poker Run

We had our first in a while Poker Run on Saturday, May 11th and what a great time it was!

We had 21 cars and 34 people make the run, which started at Black Bear in Ventura under cloudy and cool conditions. Jessica from Black Bear handed out the first card after which we made our way up towards Ojai and much more favorable open top motoring. It was a beautiful trip on Creek Road to our second stop at Sea Fresh Seafood where Maureen handed out the second card. Next it was a short hop over to Vons in Ojai where Danny handed out our third card and each car also received some flowers. From there, we drove over to Lake Casitas to witness firsthand the magnificence of a 100% full lake. This is the first time it has been this high in about 20 years!

We wound our way back down to Ventura and into cooler, but improving conditions on our way to JLR Ventura, where they had cleared off the patio area so we could all park right in front of the dealership. Kathy at JLR generously distributed a goodie bag to each car and then handed out our fourth card. Taking care to avoid the freeways out of consideration for some of the cars, we made our way on to our final stop at Cantara Wine Cellars/Flat Fish Brewing. Under now clear skies, lunch and some libations were indulged and contributed to the buildup to the big moment of the fifth and last card; the one that would decide who won the trophy. Jason volunteered to be the judge of hands and once all the cards were reviewed, Tanny O'Haley was the winner with a diamond flush! Tanny is a friend of Martin Keller.

Everywhere we went, we were greeted with thumbs up and waves from people; it was like the circus was coming to town!

Central Coast Triumphs

For those of you who missed it the 19th of Feb. was a beautiful day for top down motoring. We had a 50% turnout for our first meeting. After a bit of socializing and mutual admiration of cars (2 Stags 1 TR), 1 GT6 and a Warwick GT!), we got down to a bit of business.

1st on the agenda was what day of the week to meet. Sunday seemed to be the best day for every one there so Sunday it is. The third Sunday of the month to be exact. but subject to change.

2nd we discussed dues. \$5 above the current VTR dues of \$20 per year was suggested. The final decision will be made at the next meeting when we hope more people will be in attendance.

Officers were next and of course the group decided to be indecisive. Next meeting we will have nominations so think about how much time you have to donate to a good cause.

Now for the first change to the only thing we could agree upon. our next meeting will be on the 25th of March, the fourth Sunday. We will meet at Shoreline Park at 11:00. Park in the upper parking lot. If you can bring something in your picnic to share as this is an informal potluck lunch. Do make sure to bring your own main dish. If you wish to arrive early and help reserve a spot you will be very welcome.

You will be receiving with this newsletter a copy of our new flier to help bring in new members. Please place one on each Triumph you see. In order to cut costs we are hoping you can have copies made. If you can not get the copies you need please contact me and we can get you the copies you need.

Additional information:

We will be looking in to getting a discount on parts at local parts houses. If you have any ideas, names, or experience let me know. I will be sending a list of members to the Roadster Factory for catalogs and calendars, if you don't want to be on that list let me know as soon as possible.

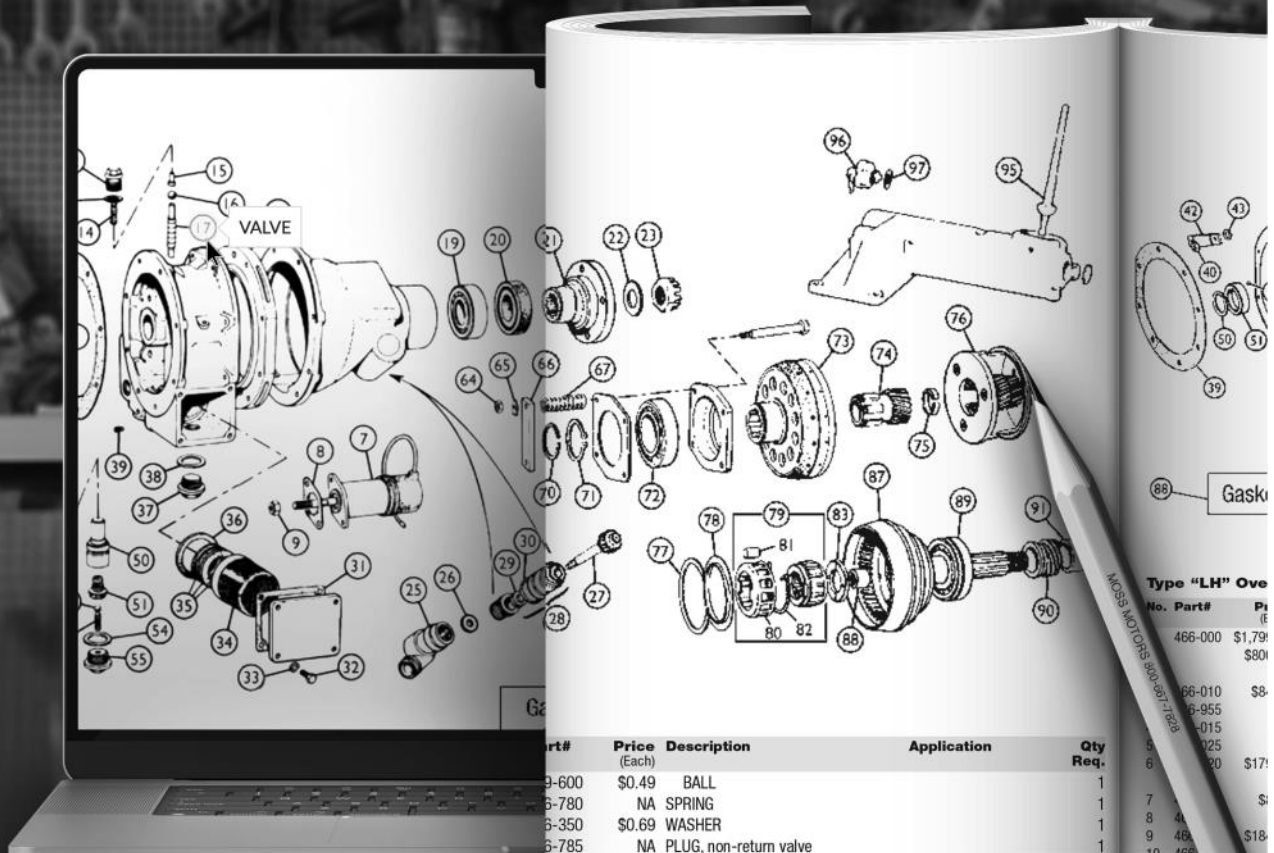

A membership list will be put together in the near future and passed out to the membership so I would like you to send me or give me at the next meeting the enclosed questionnaire.

Sorry about the datelines of this I was moving. Hope to see you at the next meeting.

Jim

More details forthcoming.

How about an article for the newsletter??? I know you have something to say about your car, a trip with your car, an outing, a technical article. I am sure you must have a picture of your drive that you would like to see on the cover of the newsletter.

I am attempting to put out a newsletter every month, there may be times I miss a month due to being away.

The newsletter is a vital piece of communication to keep members informed of what is happening within our club and lists events that are happening that may be of interest to club members.

I would like to feature one member's British car on the cover of each newsletter. If you would like your ride displayed on the cover, please send me a high resolution picture of it in a nice place (not just the parking lot at work!!) to dtreid@gmail.com

Thanks to all who sent front cover pictures. The threat of bunnies got many of you to start looking at car pictures. I received about 12 of them, so I am good for another year. If you have one please send it.

ARTICLES NEEDED:

The newsletter is in need of articles on anything to do with the club or British cars. Please use Microsoft Word and save as a document. If possible use font Arial, size 12 and do not do any formatting, just paragraphs of words. Send pictures separately with indication where they go in the article.

1976 Triumph TR7 Victory **Price reduced**

Running project car—great candidate for a full restoration. No rust or rot. Southern California car.

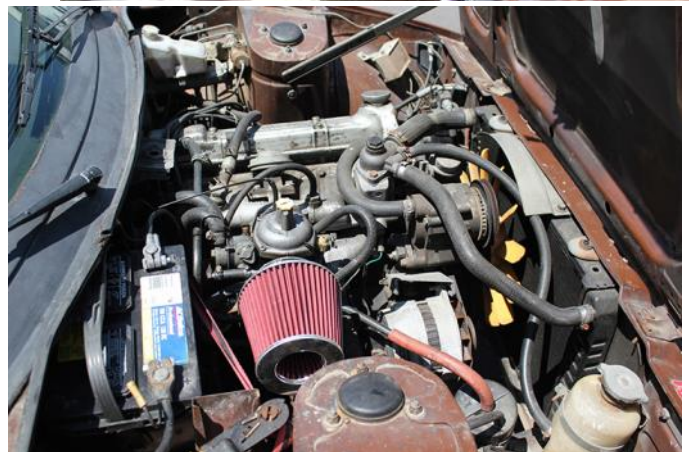

I picked this up earlier this year to provide a car for my daughter—sadly she not up for a manual shift car and it really does need someone who wants to build this into the classic TR7 Victory it is .

I'm hoping to sell for \$3500—many new parts have gone into her already: new radiator, brakes, etc. Many parts come with and so do the manuals come with her!

I'm open for trades of equal value—drivable sports cars or a cruiser motorcycle.
