MISC FIRES.....

After a bit of an absence Misc Fires is back. And do I have a lot to tell you about. We have lots of great things scheduled for the upcoming months. First of all is our picnic at Goleta Beach. This will be on July 20th and looks like it will be a lot of fun. I hope to see lots of Triumph kites in the air. This will give us a chance to meet the families of our members and to look at the cars while they are not moving.

Next is Triumph Marque Day (don't forget the meeting on the 7th) which will be on August 9th. I hope we have as good a club turn out as we did last year. This year we plan to have a Photo Contest, Triumph Trivia, Parts Guessing Contest and what ever else we can come up with. If our kites from the picnic are a success maybe we will have another showing of them. As always there will be the swapmeet, dash plaques, donuts, coffee, hotdogs, and sodas. This year we will also have our new club hats for sale. Anyone wishing to help should give me a call at 687-2150 and leave a message on the answering machine. So polish up your car and have it ready for the people's choice car show and come and have a great time.

August 23rd will find us at Monterey for the Historical Car Races at Laguna Seca. This is a fantastic showing of old race cars which are raced conservatively. There will be an infield Triumph Park so those of you who wish to participate in this need to contact Tom Nelson, a member of the Triumph Travelers at 4875 Mowry Ave #216, Fremont, CA 94538 or call him at (415)795-1171 for all the details.

On October 12th the Morris people will be hosting the All British Meet at Woodly Park in Los Angeles. Last year the SCTOA had the largest club showing. This year there will be a \$5 charge for showing your car.

TRIUMPHEST '86 will be the weekend of October 18th. Do make plans to attend, even if it is only for one day. We will be receiving flyers about it soon and we will get them out to you as soon as we can.

Well, I think this is enough information for this issue. I'll keep you posted as other things develop.
