- CLUB EVENT

TR TALK
by Tom Culbertson

So how am I doing? We're into our sixth month with yours truly as the club president and I'd like some feedback as to how I am doing in my position and how the club is doing in general. If you think I should continue as I'm doing or that I should make some changes, let me know. If there are things you like or don't like about the club, let me know. That's what I am here for.

On June 8 we held a board meeting at the Victoria Pub in Ventura. It was attended by Bob & Lynn Klope, Bill & Christie Hopper, Ron Kibbe, Darryl Struth, and myself. The main topic of discussion was Moss Motors Triumph Marque Day on July 29. Our main concern with Marque Day is that we need a lot of volunteers to help run the event. Lots of volunteers will ensure that everyone working the event will also be able to take time to enjoy the event. So please help if you can as this is our clubs big fund raising event of the year.

Also at the board meeting we unanimously agreed that it would be nice to hold some future club events at the Victoria Pub. They really went out of their way by saving parking spaces for us in front of the restaurant. The pub has a very nice atmosphere and the food is excellent. If it's not thinking too far in advance I would like to see us have our Christmas party there. I know, I know, it's not even July but December is going to be upon us sooner than we think.

Before I end this article I want to thank Ron Kibbe for the great driving tour he organized for last month and Bob Klope for the excellent Tea and Crumpet Rallye this month. A lot of work was put into both of those very successful events. And thanks also to those who participated in them.

Tom

JUNE MEETING

June's meeting was called to order a little bit late as usual. Too much parking lot conversation I guess. Once under way though we circled the room with self introductions and found we had several guests in attendance. Eric and Larry Strom who own a TR7 and Jeff Watson who owns a GT6. Jeff is listed in this month's member profile. Welcome to the club Jeff! With 21 in attendance we went on to the treasurer's report. Our kitty stands at \$370.58. We expect to add a bit with the Triumph Marque Day next month. Upcoming events were discussed next. June 11 is the 4th Tea and Crumpet Rallye. By the time you read this it will be in the history books. July is Marque Day. Michael Ling has been in contact with Ken Smith of Moss Motors and he reports that Moss is acceptable to our decision to change the award categories. Volunteer's are needed to help park cars, sell food and drink and help out in general. The more people we get to volunteer, the less work time will be needed for each individual. Contact Michael Ling if you cannot make it to the next meeting. For August we plan to make an overnight trip to the Lake Arrowhead area. Since our club is coordinating the Friday driving tour for Triumphfest, we need to find some interesting Triumph roads to use. We will be camping in the Lake Arrowhead area and if you just want to go for the day thats fine too. If you prefer staying in a motel instead of camping out, please make your own arrangements.

It was then on to past events with Ron Kibbe giving an overview of the May driving tour. We had many cars in attendance and I feel that many had a great time. See writeup in this issue. Bob Klope then told of the first rallye of the summer season sponsored by the SBSCC. Bob and Lynn, Tom and Ron and Bob and Rene Peterson attended the event. See this issue for more info.

The meeting was adjourned and the winning raffle number was selected. This month's prize was a lock for your steering wheel/brake pedal and was won by Tom German. Didn't Tom win the raffle in February too??

slaloming triumphs

There are several members of the Central Coast Triumph Club who have become involved in slalom racing. Over the last 16-months we have competed in 12-events bringing home 10-first place trophies. Our Triumphs have displayed their racing heritage by outperforming numerous Porsche's, BMW's, Corvette's, Mustang's, as well as a 289 AC Cobra and a Ferrari 308 GTB.

My congratulations to Tom German who has astonished his fellow competitors with his driving talents in his 1964 TR4. I would also like to thank those of you who have come out in support of fellow club members at these events.

Please submit any changes or additions to this Slalom listing to William Hopper (805) 687-9851 or write to P.O. Box 40421 Santa Barbara, Ca. 93140-0421.

TEA AND CRUMPET UPDATE

The Tea and Crumpet Rallye for this year is now history. We had fifteen cars from C.C.T., Austin Healey club and the T.R.S.C in attendance. Being the rallymaster I think it was a very simple rallye, but some in attendance thought otherwise. In an effort to keep things different every year I wrote this rallye so that participants were running legs in different order and each leg was completely different from the others. We still have instruction sheets available for those who did not make it but would like to see how it was done. Below are the final scores for each car. Congratulations to C.Darryl Struth and Young for capturing first place. I still don't know how they were able to hit the first leg time to the second.

***** FLASH *****

TIMES ARE A CHANGIN' Due to an unexpected change in Triumphest '89 plans, it was asked of Central Coast Triumphs if we could trade the planning of the Friday scenic tour to the planning and running of the Saturday afternoon Fun Rallye. After cheerfully accepting the challenge (oh woe is me), we are turning to our fellow club members who are planning to participate in this year's Triumphest to volunteer their with their time and energy. Discussions to be at the next few meetings.

We have several new members again this month. I think this is the largest roster the club has ever had. Don't be shy in inviting more to join and everyone should make the effort to attend meetings and events.

The participation award for the first six months of the year is now in the books. we will be giving out the award at the Santa Barbara meeting in July. All numbers accumulated over the past six months have been thrown out so if you didn't score well last time, you now have a chance again. Remember, you gain points by attending meeting and events, submitting articles to the newsletter, and organizing or helping with an event.

Enclosed in this issue is an updated mailing list of our members. If any information is incorrect please contact me.

This month we have a special multipage capsule of club members exploits in the slalom scene. This list was compiled by Bill Hopper and has earned him some more participation points. Thank you Bill for your contribution.

MAY MOTORING TOUR

We had many members show up at the Airport Cafe in Santa Paula on a beautiful Sunday morning. The drive took us over the hill from Santa Paula to a rest stop in Moorpark. It was off to Thousand Oaks for a stroll into the Santa Monica mountains. Another stop was used to get a high up view of the Thousand Oaks/Lake Sherwood area. This was a unique stop as it had everyone pulling off onto a dirt patch to park. When I say everyone, I mean everyone! We even have photographic evidence of Ed & Bert Lang with their Stag touching dirt. Never thought I'd see the day. Ron Kibbe wrote up a good set of instructions for everyone to have but some of us motored right on by the turn which he warned us about. Good thing we have a few C.B. radios in the ranks as ron was about two hundred feet above us on a different road when we stopped to scratch our heads. Everyone made it back together on the correct road and it was off to Pacific Coast Highway and into Oxnard. We happened to hit the Strawberry Festival traffic to delay our arrival into Ventura's Marina Park. Everyone in attendance seemed to agree it was a pleasant scenic drive for a Sunday afternoon. Thanks Ron!
