TR TALK  
by Tom Culbertson

First let me start off by saying that Marque Day last month had to be the best ever. It was well organized, well attended, and very profitable for our club. And I won a third place trophy.

I especially want to thank Michael Ling for organizing this event for us. Michael spent a lot of time working with Ken Smith of Moss Motors to make this event the great success it was. I also want to thank Ken and Moss Motors for working with us. Moss has always treated us well at Marque Day and with Ken serving as their club and event coordinator we now have a direct contact for our club. Thank you Darryl Struth and Young Barnes for taking care of the food. Our treasury thanks you too. Thank you Jack and Sally Samaniego for your barbeque afterwards. It was delicious and you did the TRSC well for Triumphest. And many thanks to all of you who worked behind the scenes, worked the event, and attended it. ~~Let's do it again~~ next year.

We have an important event coming up this month, the trip to Lake Arrowhead to work on the rallye route for Triumphest. We plan to camp so bring your tent and sleeping bag. It is always a challenge to go camping with your Triumph because you must carefully decide what is important to bring and what is not. A Triumph can only carry so much. While camping out does not appeal to everyone I find it very fun and enjoyable. Our club has had camp outs in the past and those who have attended have all had a great time. I may even bring my guitar this time, if there is room.

We will be trying out a new Ventura meeting place in October. The Victoria Restaurant & Pub at 1413 S. Victoria Ave. in Ventura is the place. Perhaps the British atmosphere will help our cars run better. Anyway it is a very nice place and I look forward to holding a meeting there.

*See You Soon,  
Tom*

## MARQUE DAY IS HISTORY

Triumph Marque Day is in the history books again as another successful event. This year's unofficial count of cars was between 80-85. Registration topped out at 56 cars. Below is a list of club members who contributed their hard work along with the list of this year's car show winners. For those who did not attend I could say you missed out on one of the biggest gathering of Triumph automobiles this side of Triumphest. Ken Smith was an enourmous help to the club as he is the new club liason for Moss Motors. This year's Marque Day was the smoothest for club members with an abundance of volunteers and a good helping of advanced planning. A big thank you to Moss Motors and C.C.T. members for a job well done!!

CCT MEMBERS HARD AT WORK !!!

August is finally here. As of this writing, there are 9 weeks until Triumphest. If you have never attended one before, you may want to look into this one. Several members of the club have been attending the last few years and it is never a let down. Central Coast seems to haul away the trophies every year. The alpine background of this years event will make it an enjoyable event. The T.R.S.C. has put in countless hours to make this event a success. C.C.T. is looking for your help in making the rallye a success. If you plan to attend Triumphest, Please consider running a checkpoint. It should not be too difficult to do. If you are interested contact me. We will be having a rallye meeting in September to iron out the details. I will be calling volunteers to set this up soon.

We have many events coming up which are worth mentioning. September 23 is our harvest season wine tour. We will be visiting a few small wineries and having a picnic lunch. A small group of cars is expected as this is not a production like our February tour. See the flyer elsewhere in this issue. October 1st is the San Diego British Car Day. I include this in my column because Lynn and I plan to run our TR4A down. It will be held at the Del Mar Racetrack which is north of San Diego. The flyers are out for the british car meet in Van Nuys. The date is October 8. We will be setting up another caravan to drive down. More info for this later on. Other events will be mentioned at the next meeting.

Did you see the trophy the club won for the Santa Paula Citrus Festival Parade? Ron Kibbe brought it to the last meeting. We are looking into other parades to run our cars in. After talking with those who drove in the parade it seems the only problem encountered was sore clutch legs. The cars ran a bit hot in the walking pace parade. Ron Kibbe is looking into the November Christmas Parade in Santa Paula. This is a good way for the club to get some free exposure for new members.

It was decided at the last meeting to start moving the locations of our Sunday brunches so that members can get a variety of foods and make it more accessible to other members. Locations will be decided at the monthly meetings. If you don't know where it will be for a given Sunday, Call a board member.

Did you see Tom Culbertson taking pictures at Marque Day with his Polaroid camera? The new half-tone screen he got will really help in dressing up our newsletter. We have included a series of pictures from Marque Day in this issue. Look for more photos in upcoming issues.

Contributions to the newsletter are always welcome! If you have had an interesting experience with your Triumph or you have done some work which you may find the club would benefit from, write up a little article and get it to me. Otherwise I will bore you to death with my ramblings.
