January 2011

So, here we are in 2011, Happy New Year everybody. Twenty Ten was a good year for the club we had a great Car Show with about 170 cars. I was in the England at the time driving a Japanese Nissan Micra right hand drive, stick shift which dislocated my left shoulder with all the gear changing at roundabouts, traffic lights and country lanes. Members also had a good time at last year's Holiday Brunch and are looking forward to the new venue this year, which the club voted for, and will be held at the Sheraton Four Points hotel.

Our 2011 Board of Directors is similar to the existing board, the only changes are myself as the new President, Bill Guzman moves to President Consultant, Byron McCracken to Vice President, Gary Rice to Regalia and Raffle and we thank Darryl Struth for his many services to the club as he retires from the Board. We have some future events already planned and will be meeting this month to firm up other events as far out as we can and will let you know as plans develop but we are also encouraging members to put forward suggestions for meetings or events that they would enjoy or even would be willing to organize.

The plans that we currently have on the books are:

1. February General Meeting the owner of "Squashed Grapes" will be making a presentation of his business which is described as an "On Premise Winery" with a bit of a difference.
2. Saturday February 5th Allen Merriam and Mike Frustere have planned for the club's annual Wine Tour. Many of us will travel up to the "Cottage Inn by the Sea" in Pismo Beach on Friday 4th. Our tour will begin on Saturday morning; we will have a picnic lunch and finish the day/evening with a Pot Luck back at the hotel. This is always a great event and this year promises to be the same.
3. Saturday March 12th "The Ventura Rotary Club" has invited us to display our cars at the St Patrick's Irish Festival, which they are organizing at Plaza Park on First Street. The event will run from 10:00am to 9:00pm and admission will be free to entrants. More details to follow nearer the time.
4. The CCBCC Annual Car Show is to be held in July, exact date not set yet but we need to start organizing the show now. This year the overall show will be divided into various functions, each one having its own team and leader who will then coordinate through Dave Wellwood. This means we take some of the weight off of Dave, but we will need a lot more people taking part which means we'll be looking for volunteers.

Also, later in the year we have the Highland Games and the Teddy bear Run. These are not strictly club events but we have a lot of fun taking part in them each year.

All the Best,

CENTRAL COAST BRITISH CAR CLUB

CCBCC meeting 1/2011

Richard welcomed the new Board and summarized recent events (Teddy Bear Run, Holiday Brunch). Bill Guzman offered to be Events Co-ordinator

Wine tour – February 4-6, 2011 – contract is signed, 21 of 40 rooms currently booked. Allen confirmed the fee as \$5 per person, with each to provide their own picnic lunch and potluck contribution. He has identified two routes. Michael Frustere can handle finance and Gary already has dash plaques. There are two \$25 gift cards and other items for a raffle.

Car Show – Sunday July 24th. Suggestion for sub-committee to be formed under Dave Wellwood that starts work now on show organization – action Dave. Note Byron will be absent, and we may now have to request permits (Michelle no longer works at office)

Holiday Brunch to be at Four Points Sheraton, \$25 per person – copy of menu distributed. Existing venue (Wedgwood) does not need to be notified. Darryl suggested any committees formed be listed on the newsletter each month with a request for members to actively participate throughout the year or risk a Board decision being implemented.

Richard will need to go to the Bank to be added as a signatory (along with Sue, Gary) - Sue can sign up to \$500, over that needs two signatures.

Trevor will write a formal statement confirming the new Board members and functions

Carrows will continue to be the meeting venue through 2011

Need to confirm/update current Membership list – action Paul/Richard

Byron noted his December 'Hooter' arrived 1/2/2011 – Patrick advised he still mails about 30 copies each month, mostly to other clubs. Sue will supply stamps to Patrick.

Note – the Board should review previous month's minutes at the start of each monthly meeting to ensure continuity – action Richard.

Another year

This year has been off to a rough start for your editor. I had family visiting from Europe, got over a bad cold, lost my cat to brain cancer, and have been to the vet numerous times with my senior dog. Along with all of that I have the Hooter simmering on the back burner. When the time finally came down to putting this month's issue I sat down, looked at 16 blank pages I needed to fill and thought "Where do I start?! Somehow I always manage to fill the pages, often later vs. sooner.

On a positive note my car is finally in good working order and set to make the run to Pismo. The event has shaped up and is looking to be another good one. Hopefully the rain will stay away this year and more folks bring their British cars on the run and leave the Honda's and Toyota's at home.

Also new for this year, I have plans to do some suspension upgrades to the Mini. Last year I was bit by the auto-x bug and am looking to improve the handling for this year's events. It's looking like I'll be running at least 4 different events this year.

What are your auto related plans for the coming new year? Drop the editor an email and share them with the club!

Rolls-Royce Picadilly P1 Roadster Still a Classic

Originally published at <http://www.associatedcontent.com>

In 1928, Allen Swift, Springfield, Massachusetts, received a new 1928 Rolls-Royce Picadilly P1 Roadster from his father as a graduation gift. Over the years, he put 170,000 miles on it, and drove it until October ,

2005, when he died at the age of 102. Mr. Swift set a record for being the oldest living person to have owned a car from new. The vehicle was left to one of the Springfield Museums, in addition to \$1 million dollars to create a new history museum.

The Rolls is said to still run smoothly, and as you can see from the picture, was kept up beautifully. This story is making its way around the internet, and is listed on several websites. How great to know that Mr. Swift's father had many years to watch his son cherish and care for his gift. Sometimes the thought that you put into an expression of love and pride can last for a lifetime.

California traffic fine increases for 2011

Submitted to the Hooter by Gary Rice

HUGE California Traffic Tickets Fines Effective 01/06/2011 Please be extremely careful in your driving and car registration & insurance matters. State of California is broke and they are trying hard to squeeze all of us hard to collect money. These are all base fines. Counties and cities can add to this amount. Don't forget the additional court fees, processing fees, fees on fees!

Effective immediately, if you do not stop at the red light, be ready to pay \$436 in fines or if you pass a school bus with flashing red signals, you will be charged \$616. The state of California is going for blood, so be extra careful in driving. You cannot afford messing with them. I have been hearing that Highway Patrols are under pressure to issue a lot more tickets than last year with at least 30% increase in fines over 2009, so beware of radar guns, highway and traffic cameras installed everywhere and the tougher enforcement of parking rules.

Just for your info, the next time you park in the handicapped zone, even for a minute, you will be looking at almost \$ 1000 in parking tickets, so it'd better be worth it.

California needs money, so pay close attention to the rules of the road! Traffic Ticket Fines (Effective 01/06/2011)

VC 12814.6 \$214 Failure to obey license provisions.

VC 14600(A) \$214 Failure to notify DMV of address change within 10 days

Note: The fine may be reduced with valid proof of correction.

VC 16028(A) \$796 Failure to provide evidence of financial responsibility (insurance)

Note: This fine may be reduced with proof of insurance on or after the violation date.

VC 21453(A) \$436 Failure to stop at a red signal.

VC 22349 \$214 Unsafe speed, 1 to 15 miles over the limit.

VC 22350 \$328 Unsafe speed, 16 to 25 miles over the limit.

VC 22450 \$214 Failure to stop at a stop sign.

VC 22454(A) \$616 Passing a school bus with flashing red signals.

VC 23123(A) \$148 Driving while using a wireless phone not hands free, first offense .

VC 27360 \$436 Mandatory use of passenger child restraints.

VC 27400 \$178 Headsets or Earplugs covering both ears.

VC 27803 \$178 Violation of motorcycle safety helmet requirements.

VC 4000 \$256 No evidence of current registration.

Note: The fine may be reduced with valid proof of correction.

VC 4159 \$178 Notify DMV of change of address within 10 days.

Note: The fine may be reduced with valid proof of correction.

VC 5200 \$178 Proper display of license plates.

New venue for the Holiday Brunch

It was proposed by the board that the club would seek a new venue for the annual holiday brunch. The new venue will be the 4 Points Sheraton in Ventura which is near the harbor. There were nothing but positive notes in favor of the change. The cost is less per person, no deposit is required, and there are more choices on the menu. It was also reported that the staff is generous with the champagne.

If anyone wishes to volunteer for any committees for this or any other events, please contact your favorite board member and they'll see to it that you are put in contact with the appropriate members.

Triumphfest 2010

By Bob Prieve

This year's Triumphfest was hosted by the Triumph Sports Car Club of San Diego and held in Del Mar, California. I anticipated that it would be an easy drive for my wife Pat and me. Thousand Oaks to Del Mar on the 101 and the 405 should be cool and easy. I decided to drive there a day early, arriving in Del Mar on Wednesday instead of Thursday. But the weather changed, and it rained on Wednesday. Actually, it poured! TR3's are not known for being weather tight, and, in addition, I had my rear window zipped open. It rained hard from the west valley to past LAX. While I was getting wet Pat remained warm and dry as she followed me driving our Infinity and that was a good thing, a very good thing. All the drivers slowed down and stayed in their lanes. Visibility was poor and the TR3's wipers did not help my view out the windshield much. I was thankful that the traffic kept flowing at a nice slow pace.

When the rain stopped, Triumphfest 2010 began to look better.

Who could complain about spending four days in Del Mar, California in a nice hotel with about 140 Triumph owners while their vehicles were safe and secure in the guarded parking lot. This was my third Triumphfest in the San Diego area and it was the best by far. The San Diego club really pulled out all the stops and did their best job yet. The club adopted the moniker "Sgt. Pepper's Lonely Sports Car Club" and designed a cool logo for the program, regalia, awards, windshield sticker registration number, and, yes, just about everything.

In addition to all the usual events and drives, the San Diego Club put on an autocross for the first time in recent memory for me. And it was a good one. Most of the times were very close. Knocking over a cone or two or missing a gate, as I did, would just about take you out of the running. It was a very tight course which kept the speeds down. Nice job TSCCSD. The fact that the event was held at the parking lot of the horse race track located just across the street from the hotel made it all the better.

Bob waiting his turn in the auto-x

The Funcours awards were definitely special and no doubt set a new standard for craftsmanship. I have never received an award that also qualifies as a piece of art and mine will have a special place of honor and stand out from the ordinary plaques. I can't imagine how Bill Sheldon was able to make all the awards (at least 150) with each one so well done.

Another area of the San Diego club did a fine job on was the raffle. All the raffle prizes were good and it was hard to decide which one or ones to try to win. One prize that particularly impressed me was the display of TR3 instrument gages: another work of art.

The last Triumphest event was the awards banquet. Usually the banquets tend to go on too long, but not this time. I think all the awards were presented and the accolades given in record short time. Yes, Triumph Sports Car Club of San Diego wrapped up a record great Triumphest. TRSC has its work cutout for themselves in 2011 at Big Bear.

Don't forget Triumphest 2011 at Big Bear, September 15 to 18. Be there!

champagne will be flowing (their compliments) along with - maybe - a cake and/or sweets, but no floor show.....unless.....

Motor 4 Toys

By Patrick Redd

Motor 4 Toys is a charity event that has been meeting on the first week-end in December for a few years now. Several clubs, individuals, and vendors gather in the spacious Blue Cross parking lot in Woodland Hills for a car show and toy drive.

I've attended this event a couple of times and there are always lots of interesting cars. There's mostly American iron but several sections with foreign and super cars. This year also featured some movie cars.

The meet starts early and people start clearing out between noon-1pm. Unfortunately the event always seems to take place on the same morning as the Holiday Brunch. Perhaps next year will be different.

The first two autocross events for the 2011 season being put on by the Santa Barbara Region Porsche Club. Both of these events are local to most of the members of CCBCC and are open to all who sign up no matter what the make of auto, even if it is not a Porsche.

The first event is at the Earl Warren Fair Grounds in Santa Barbara and is on March 20, 2011. The second event is at the Camarillo Airport and is on April 30, 2011.

These events fill up fast and are a lot of fun to participate in or just watch. They are also a good way to learn the limits of your car and your driving abilities within a safe and controlled area and to just have fun.

Targa California 2011, April 7-9

NASA presents a classic car tour for 1975 and older makes* that winds its way through some of the best sports car roads California offers. This non competitive event is a way for car enthusiasts to enjoy their older cars in the manner that they were designed for: DRIVING!

Starting just north of Los Angeles, the tour winds its way over and through mountain passes, canyons, and plateaus. Up through parts of the central valley, then out to the coast. We drive as far north as the Carmel / Monterey area with stops for unique interests and lunch. Challenging roads with spring time vistas await. There are no check points, time limits, or trophies. Just plain fun camaraderie with 124 other car teams. For lots more info and registration form, please visit <http://www.nasaproracing.com/event/1220>
