***Jon and Claudia's Excellent TR Adventure .....29 Days, 6602 Miles, Ventura Ca. to Santa Maria (Triumphest) to Penticton BC (ATDI) to St. Louis (6 Pack Trials)***

Claudia and I purchased a Magenta 1973 TR6 in February and decided we needed to have a road trip, and so the 6 Pack Trials was added to our usual summer driving schedule.

Knowing we would be on the road at least a month we started on a series of shake down trips, the Ojai Loop, a weekend to the rain cancelled Dixon Car Show and Swap Meet, and just a bunch of driving around. This added up to around 2500 miles.

I bought a bunch of spare parts and added some mechanical improvements, Toyota front calipers, CV joint rear axle, new rear hubs, and new tires. As well as the usual maintenance of oil change, checking the valve clearances, and new air cleaners.

Triumphest in Santa Maria was, as usual, a great show. Saw a bunch of old friends and a many new ones. Saturday morning we packed the TR and said goodbye to everyone and left for points north.

Sunday morning we headed out for Lassen Volcanic Park, a beautiful drive through the foothills of the Cascade Range and then into Lassen Park (imagine Mt. St. Helen's and you'll see the beauty of Lassen Park). Following CA89 we drove to Burney McArthur State Park to see the falls, another incredible natural wonder.

Continuing along the same beautiful road we arrived at our stop, Yreka Ca. in just a few hours. Yreka is a typical northern California small town, a cool downtown and some really good places to eat.

This is where the rain began, and followed us all the way to McMinnville Or. As we drove through the Willamette Valley the rain continued until we reached the home of the Spruce Goose and wandered around the Evergreen Aviation Museum, a plane lovers must if you're in the area.

The rain started again that night and into the morning as we headed to Longview Wa., to visit some old friends, Daryll and Cindy Clark. This too was an incredible drive through the hills of Oregon, west of Portland. It was like being in a Triumph wonderland. Continuing north and east we followed the clouds and rain to Cle Elum WA. for the night.

Again in the rain, we left Cle Elum and headed for the Canadian border and Penticton for the ATDI. As we crossed the border the rain stopped and as we arrived in Penticton the sun was out and it was a beautiful day.

The ATDI is kinda like Triumphest, the three north western clubs hold this event, this year the host club was British Columbia Triumph Register. Again, this year, it was a great event, well attended and well planned. There were 46 TR6's in attendance, and we were lucky enough to receive a second place award in the participants show for the early TR6s. For those of you that haven't been, British Columbia is an incredible place to drive a Triumph, with good roads and excellent scenery.

Sunday morning we again said our goodbyes to the group and headed out of Penticton for Spokane WA. Eastern Washington is what I would call the high desert, a place that tends to be dry with rolling hills and evidence of volcanic activity. Along the way we stopped at the amazing Grand Coulee Dam, really a spectacular site, just off the highway and kind of out of view, not looking all that impressive until parking and getting out of the TR. Spokane has a really cool downtown area just made for walking and enjoying the city, water fall included.

The next morning the rain began as we headed toward Bozeman Mt., with no issues blasting across interstate 90. The scenery was great but miles had to be gobbled up to keep us on our schedule. Early the next morning we started out for Yellowstone National Park and Old Faithfull, the country side was amazing, narrow winding roads and sites, some of which we hadn't seen before. Old Faithfull was really cool and the park roads were ok with some delays for road work. Leaving the Park we were surrounded by mountains covered with snow and there was snow on the ground as we climbed out of the park and into Cody Wy. Cody was an off day driving wise, and we walked the town, we visited the Buffalo Bill Cody Western Museum, which is really spectacular, five related museums in one big building. After getting some oil for the TR and some lunch for us, we washed the TR and got ready for our next days drive.

Hulett Wy., and the Devils Tower was our next stop, the drive was through canyons and steep passes finally arriving on the high plains and volcanic towers of eastern Wyoming. The tower was really cool and we were lucky enough to get some good pictures of the TR in the foreground. Devils Tower is where Close Encounters of the Third Kind was filmed.

I can't really describe the drive from Hulett to Custer SD., but despite the medium to heavy rain it was a spectacular drive to Mt. Rushmore, lush and green and empty roads, which we took advantage of. The rain did stop long enough to get some good pictures at Mt. Rushmore, which, by the way, is awe inspiring. Again we took a no travel day hoping to explore Custer, but it rained so hard we were forced to take short walks around the city but mostly stayed in.

Leaving Custer we were shrouded in fog and a misting rain as we headed for our first stop in Nebraska, Carhenge, which is a replica of Stonehenge in Great Britain, just made out of automobiles! Quite a site in the northern flatlands of Nebraska.

Continued from page 7

Doing our best to stay off the major highways we traveled the Sandhill Scenic Byway through the central part of the state to our destination of Grand Island Nebraska. Finally the weather was sunny and bright, but as it turned out we were running a day ahead of a storm and the winds were 20 to 25 miles per hour. Abilene Kansas and the Eisenhower Presidential Museum was a planned stop for us in central Kansas and was, for the history buff in me, a memorable one. Glad we planned to stop there on our way to Lawrence Kansas for the night.

We crossed the Missouri river in the morning and passed through Kansas City Missouri on our way to Fulton Mo., to see the Churchill Museum and a piece of the Berlin wall, this is where Winston Churchill gave his famous "Iron Curtain has descended across Europe" speech. Neat small college town.

Back on interstate 70, and off to St Louis.

Next morning we arrived at the host hotel for the 6 Pack Gateway Trials 2019! We were the first TR. Since we were early to the event we just unpacked and got the lay of the land around the hotel. Wednesday evening and Thursday they started to arrive.

Claudia and I took Thursday morning to explore St Louis, by driving downtown and visiting the Gateway Arch..... really cool! Much more than I expected, and the view was magnificent.

For me it was a little strange to see only TR6's and TR250's in the parking lot but really cool at the same time.

Everyone we talked to was really friendly and happy to see a west coast car, as well as it being Magenta! Friday the group broke up into three groups and did drives around the area, Claudia and I joined the group that toured three restoration shops, about 50 or so miles round trip from the host hotel. Quite an experience!

Saturday was the car show, participant's choice, and concourse, on the historic main street in St. Charles Missouri. 20 minutes to drive there, a few to set up and then the show was over at 10:30, and most lined up for another round of tours through the countryside.

We crossed the Mississippi River three times by ferry, quite the experience, and drove through the country side of Missouri and Illinois on great Triumph roads.

That evening was the Awards Dinner, and honestly, it was like Triumphfest and the ATDI. Drinks, good food and great company! We received the Longest Driven award (surprise surprise).

Sunday was departure day and we said our goodbyes and hit the road home. Passing through Missouri, Kansas and into Colorado on the interstate. Colorado is beautiful and it was a spectacular drive over the passes and the mountains to Durango.

Durango to the 'Four Corners' monument and on to Flagstaff.

Now I will tell you that our beautiful Magenta 1973 TR6 suffered no malfunctions, not even a hiccup! In our 29 day trip we averaged 25 miles per gallon while driving 5 ½ to 6 ½ hours per day for a total of 6602 miles.

# CCBCC Annual Wine Tour

The **2020 CCBCC Wine Tour** will take place Friday night **February 21st** (check-in and socialize), Saturday **February 22nd** (back-roads drive, winery tours, and evening social/pot-luck), and Sunday **February 23rd** (check-out and drive home).

On Saturday the 22nd, as a group we'll line up the cars in the hotel's parking lot and depart the hotel to make a couple of stops in the morning and continue on back roads to our lunch venue.

For those of you that are new to the club, or to this event, the day of the tour (Saturday) works like this:

- you grab breakfast prior to our departure (breakfast is included if you're staying at The Cottage Inn).
- you bring a picnic lunch to our lunch venue/stop (I'm trying to find a place that also offers food such as pizza or a food truck like last year).
- in the evening we have a potluck style dinner in the hotel's dining area, so you will bring something to share with the group. Plates, napkins and silverware are provided. It's very low key and casual, and we socialize before, during and after dinner, usually over glasses of the wine that we've picked up throughout the day. We even have our traditional "Julie Time" raffle!

The hotel that this event takes place at is **The Cottage Inn by the Sea** in Pismo Beach. There is a block of (25) discounted hotel rooms set up for us already. You are not obligated to stay at The Cottage Inn, but that's where we have our block of rooms, and they let the CCBCC use their dining room free of charge for our Saturday night gathering.

Our discounted rates this year are \$179/nt. for a std. King room, and \$239/nt. for a ground floor ocean front King room (plus tax, license, and doc fees). These rates are much lower than we've seen in past years!

If you're going to stay at the Cottage Inn, **you need to call the Cottage Inn and book/pay for your room**. Reference the '**CCBCC block**'. The cut-off date for our discounted block of rooms is January 31, 2020, but when they're all booked they are gone! The Cottage Inn's number is **(805) 773-4617**. If you have questions or any problems making a reservation, just email, call or text me.

This is a fantastic hotel that sits on the bluffs above the Pacific Ocean in Pismo Beach, CA. A few of the amenities this hotel offers that keeps our club coming back year after year are:

- Quaint Old English cottage style architecture
- Free onsite guest parking
- Oceanfront, heated pool and spa (Complementary robes in each room)
- Complementary daily continental breakfast
- Fireplaces in every room
- Oceanfront fire pits and Adirondack chairs with ocean views along the bluffs
- Mini fridge, microwave, and coffee makers in each room
- Beach access
- 10-minute walk to pier and downtown Pismo

Be sure to call and book your room early soon so you don't miss out!

If you are going to come along on the wine tour, and once you have made your hotel reservation (or make other rooming accommodations) please email me to let me know so I can get you on the participant distribution list for future detailed information and updates.

Cheers!

Ran across some very old ads, not always related to cars; but interesting

## *Moss Motors Road trip, Tour and Lunch*

We will take a drive to Moss Motors, in Goleta, on **Saturday, March 21, 2020**. Now is the time to see what they do when you place an order with them. We will have a full, guided tour of their facilities, including the showroom, the warehouse and shipping & receiving.. We will see new products that are being developed. A 10% discount will be offered on any purchases made on this day.

We will meet at O'Reilly Auto Parts, on the corner of W. Main & N. Olive at 8:30 AM, with a 9:00 AM departure (In the same parking lot is a Burger King, a donut shop and Starbucks).

The route will all be on the twisty back roads near the foothills. We will take Rt 33 North; exit on Santa Ana Rd in Foster Park; travel towards and around Lake Casitas; travel west on Rt 150; to Rt 192. The road changes names, periodically; we will continue until we turn left on N. Patterson Rd.; then turn right onto Hollister Rd.; then left onto Rutherford and Moss Motors. The tour will be from 11:00 AM to about 12:30 PM.

Then, we will drive south on the 101 to Summerland Beach Café for lunch at about 1:00 PM. I will want to give Moss Motors and the restaurant a head count. If you are interested in going, please email or call Jim Heaton prior to March 9.
