Topic 9: Club Movie Night at the Justin's Home May 9, 2020

Ok this will be the third movie night at the Justin's backyard and it has always been a lot of fun and a great way to socialize with other like minded car nuts. The movie for this movie night will be "Ford vs Ferrari" and if you have not seen this movie it is a good one for sure and fairly true to the history of Carol Shelby and his association with Ford Motor Company. This will start at 6:00 pm and you should bring folding chairs or blankets to sit on as this takes place in the backyard of the Justin's like a drive-in movie without your car to sit in. Bring warm cloths as it gets cooler once the sun goes down and the movie starts. You should also pack a meal for yourself and bring whatever beverage you wish to have before and during the movie. The Justin's will provide a grill, microwave and the basics if you wish to cook or heat whatever you bring to eat before and during the movie. Popcorn will be provided but the rest is up to you. Joel and Pam can be reached at j_bar_j@hotmail.com or pquilter1@hotmail.com for more info and questions. My grandma had what I believe was an MGA 1600 Mark II. She died in 1970 when I was 10 and I remember it being a fairly new car which is why I think it must have been the Mark II. Unfortunately, I can't find any pictures of it, but I remember it very vividly. It was Dove Gray with a red interior and wire wheels. When asking about all the knobs on the dash, she told me one was for the ejector seats. To me it was magical, the coolest car ever. She told me that the car would be my brother's and mine one day, but my step granddad sold it after her death. She lived in Mill Valley California and her name was Caryl Hunter.

I just turned 60 and I have been thinking about this way too long. We just had a close friend die and my cousin was diagnosed with cancer. So, I was talking about it with my wife (yet once again) and she said something along the lines of "you should get one, it's your turn to do something". Now I'm not typically into older cars but this to me was more than just getting an old car. So, after confirming that I heard her correctly I posted my story on the Facebook group "MGA Fan Club". A guy my age wrote me back saying that he had dear friend who was 85 and selling his Iris Blue 1960 MGA in San Diego. He said that the car was one of the fastest and best maintained cars in Southern California and to PM him if I was interested. So even though Iris wasn't the color I was looking for I was very intrigued with the shape she was in. So, this was on a Thursday, I PM'd him, contacted the owner on Friday and drove down and purchased her on Saturday (I not the least bit impulsive).

He named her after her color, Iris. She is done, complete engine/drivetrain overhaul, very freeway ready. A true joy to drive. This was his love and joy. He had Parkinson's so it was time for them to part. I am not the owner of Iris, only one of her many caretakers. I have big boots to fill as he took loving care of her. We had a great time meeting him, there were so many connections on so many levels. While the transaction was bittersweet you could tell that he knew that is was time to let someone else enjoy his girl. He was my age when he purchased her and one day I will be in his shoes, handing her off to her new love.

Both options have custom side Lexan wings.

History (previous owner)

July 2003 took us on a 2,800-mile round trip to NAMGAR – GT-28 in Welches, Oregon. Not one mechanical problem.

September 2004, Iris drove to NAMGAR at the Glen, Watkins Glen, New York and back. A 6,800-mile trip of a lifetime!

Iris won four trophies in San Diego car shows. That's every show she entered.

NEW MEETING LOCATION FOR CLUB MEETINGS TAKE NOTE!!!!

April's meeting is cancelled to the Corona Virus. Stay tuned for news on the May meeting.

Behind the Wheel editors corner

With almost everyone having extra time during this virus crisis, now is the time to get some stuff done that has been put off for so long. How about an article for the newsletter??? I know you have something to say about your car, a trip with your car, an outing, a technical article. I am sure you must have a picture of your drive that you would like to see on the cover of the newsletter.

I am attempting to put out a newsletter every month, there may be times I miss a month due to being away.

The newsletter is a vital piece of communication to keep members informed of what is happening within our club and lists events that are happening that may be of interest to club members.

I would like to feature one member's British car on the cover of each newsletter. If you would like your ride displayed on the cover, please send me a high resolution picture of it in a nice place (not just the parking lot at work!!) to dtreid@gmail.com

I have NO more pictures and story for the front page of the newsletter. Let's see some of your favorite pics of your British car. Also I am out of baby pictures for the guess who this is feature.
